Hello, I'm your doctor.

**We have a real problem:
it's your heart.**

**Bad news:
you need a new one.**

Good news: I'll fix it.

Don't listen to other doctors.

All losers.

Those X-rays, all fake.

**I'll make you great again.
Trust me.**

Tickets please!

Sorry, your ticket is not valid.

This is really, really bad.

Complete disaster!

**Where are you from?
Mexico?**

Well, you have to pay for it.

Personally, I like people who don't get caught.

You wanna know how to get to the lake?

I'll tell you.

Go down Bahnhofstrasse until you see a lake.

It's like an ocean but smaller from the standpoint of water.

Most people don't know that. Did you know that?

Well, I know that.

I have a very big brain. Believe me.
